1. The reply filed on 12/15/05 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): To overcome the art, claims were amended from "method for dispersing at least one coloring agent" to "method for increasing the intensity of the color" in claims 1 and 195. Original claim 96 is drawn to "a method for providing at least one property chosen from gloss and intense color". None of the original claims recited, "increasing" the intensity of the color. Amended claims are directed to an invention that is independent or distinct from the originally claimed since "method for dispersing the color or providing intense color" is different from "increasing the intensity of the color" as presented. Applicants has received action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
